

# Agustín Arenas

SOFTWARE DEVELOPER

## About me

Dynamic Full Stack Developer with 3 years of comprehensive experience in creating and enhancing web applications, both on the front-end and back-end. Proficient in modern technologies, demonstrating a strong ability to improve user experiences and streamline processes. Skilled in developing responsive web solutions and implementing robust server-side applications. Passionate about leveraging technical expertise to drive innovation and contribute to impactful projects in the software development landscape. Committed to continuous learning and adapting to emerging technologies to deliver high-quality results.

## Work experience

### Full Stack Developer

Dequo, S.R.L. | January 2024 - Present

I carried out improvement and maintenance tasks for the Tiendaquick product, both on the front-end and back-end, using PHP, Laravel, LESS, Bootstrap, MariaDB, JavaScript, and React, focusing on improving the design and performance of the product.

### Front-end Developer

Sellers Latam | March 2022 - January 2024

I performed maintenance and enhancements on the Sellers Latam website and created the website for Nuvex Uruguay. For both websites, I utilized JavaScript, Sass, React, and Next.js. Additionally, I developed a script for a Tiendanube application using JavaScript, jQuery, and Bootstrap.

### Full Stack Developer

Last Horde | February 2022 - July 2022

I created an NFT card marketplace and NFT card packs using JavaScript, React, Sass, Bootstrap, and Web3.js. Additionally, I developed a back-end for data storage using Node.js, Express, Sequelize, and MySQL.

## Academic data

### Full Stack Web Developer Course

Soy Henry | July 2021 - November 2021

### Computer Engineering Career

Facultad de Ciencias Exactas, Físicas y Naturales | February 2020 - Present
